COMPETITION RULES - HeritageCon

Revised Oct. 1, 2009

General Rules

- Models which have won first prize(s) and or "Best Of.." awards at previous Canadian or US competitions between February 2009 and January 2010 are not eligible.
- Entries may be constructed from any material.
- Models may be displayed on simple bases, but except for dioramas, bases will not be considered in the judging.
- Judges may combine or split categories prior to judging.
- All decisions of the judges are final.

Out of Box

- Use any commercially available kit.

- Finish with brush, airbrush, spray can or unpainted plastic.

Allowed:

- Filling seems and gaps.
- Sanding off rivets.
- Drilling-out guns and exhausts.
- Thinning trailing edges of aircraft wings, flaps and landing gear doors.
- Hand painting of instrument panels and consoles.
- Rescribing panel lines removed during sanding.
- Adding scratch built or paper seatbelts and aftermarket decals is allowed.

Not Allowed

- Vacuform, manufacture or replace kit parts with one not supplied in the kit.

- Adding anything to the model not included in the kit, with the exception of seatbelts and aftermarket decals.

Conversions

Conversions must include a description of the changes. The use of commercial conversion kits is not eligible for the Conversion Category.

Scratch Built

Scratch built models must be less than 25% of commercially available parts.

Collections

Collections must consist of five or more related items.
